

PilotRx User Guide/Job Aid

Document revised by Susan Hall and Last Name on 07/25/2011

Drug Search

To search for a drug in PilotRx List item 1

- Type at least the first three letters of the drug name (brand or generic) into the search box
- Click the Search button

The screenshot shows the PilotRx Drug Price Check interface. At the top left is the PilotRx logo. Below it is the heading "Drug Price Check". Underneath is a "Find Drug" section with the instruction "Enter the first characters (3 or more) of a drug name." A search box contains the text "zod". To the right of the search box is a "Search" button with a magnifying glass icon and a "Help" link with a question mark icon. Below the search box are two links: "What is a formulary?" and "Exceptions, Appeals, and Grievances".

- Select the correct drug and dosage from the list by clicking the Select button

Drug Price Check

Find Drug

Enter the first characters (3 or more) of a drug name.
